Dear Homeowner,

One thing I've learned in my nearly four decades of consumer investigating, is that you need a vetted and reliable network of local service providers. I know this because I spent the first half of my career as an investigative news reporter, and practically every night, I would go on the air and tell people how someone got burned or worse, got intentionally cheated because they simply failed to do their homework.

In 2008, I spent the year creating a seven-point investigative process that would eliminate 99.9% of the mistakes that led to bad outcomes. In this guidebook, you'll only find companies that have "findable" offices, carry liability insurance, price fairly, maintain great reputations, provide equitable contracts and most importantly, honor my *\$10,000 Make It Right Guarantee™*. You see, most companies offer warranties, but guess who's in charge if something goes wrong? They are! With my *\$10,000 Make It Right Guarantee™*, every company in this handbook (and on my website TrustDALE.com), has agreed in writing, to put me in charge of Making It Right – for you! Think about that... It takes a pretty confident company to put a true third party in charge of outcomes.

Most homeowners who use this handbook never have a problem and return to use my researched recommendations again and again. The reason is simple. We all want to be part of a community where trust is a cornerstone. A community where value driven companies sell great products for a fair profit, and value seeking consumers buy great products at fair prices.

I invite you to call on these companies with confidence, and when you get a chance, check out our investigations on TrustDALE.com. One more thing; unlike other printed and online resources, we never require your personal information. Another major reason you can TrustDALE!

Customer Reviews:

“Keith is friendly and pleasant and always does a great job, both inside and out. He is always on time and I really appreciate that, too. He sends a text the day before my appointment to remind me and that is very helpful. Could not be more pleased.” ~ Diane M.

“Unparalleled customer service! I had an issue with one of two A/C units, not the one Zone Home Solutions had installed two years ago and called to get an appointment to have a tech come out to fix. After speaking to the answering service to set that appointment, no more than 15 minutes after the OWNER himself, Jason DeSantis, calls to ask questions about what was or was not happening with my system. I thought maybe he would tell me he'd send someone next business day. No, Jason said he himself would be to my home within 20 minutes, ON A SUNDAY! Jason came in less than 20 and spent approx. 40 minutes diagnosing the problem. Which ended up being a simple power switch. I did a lot of research on A/C companies before going with Zone and now I am absolutely, positively certain I made the right choice. You cannot go wrong with these good folks!” ~ Susan D.

"Superior Plumbing provides excellent service. When I called, the receptionist listened thoroughly to my issue. I was contacted in the morning of the service to let me know they could send someone out before the original appointment time. The plumber represented Superior Plumbing well. He knew exactly how to address my problem. He followed CDC safety guidelines, was very courteous, demonstrated a very good understanding of how to correct the problem, knowledgeable about the type of tools to use to unclog the drainage issue. I highly recommend Superior Plumbing Services." ~L. Yvonne W.

"Had an insurance claims adjuster assess that the leak from my main floor kitchen ceiling was most likely coming from a leak in the upstairs water supply lines running under the floorboard. I engaged Superior Plumbing after watching a raving review by local consumer advocate Trust Dale. After chatting online with the Superior Plumbing, setting up dispatch, I was advised of certified plumber's eta of 45mins. Here I thought 1-2 days at minimum. The cool thing after hanging up with the tech I immediately received a text with a link to the bio, photo and current customer service rating of the plumber who would be servicing my work order. Plumber promptly arrived 45mins later. He introduced himself, quickly assessed the problem, and explained next steps including pipe leak detection costs and isolated my problem to a slow, almost undetectable leak coming from upstairs toilet down the drainpipe and eventually the ceiling below. He repaired toilet drainpipe, cleaned upstairs and downstairs in a jiffy's time. He even advised of an excessive water pressure condition at my water main in the basement! The plumber was a consummate professional throughout! Great Job Superior! You lived up to the Trust Dale high billing!!" ~ Jeffrey R.

Customer Reviews:

“So in the summer of 2018 I had Superior Pro install James Hardy ColorPlus siding, new gutters, and several new doors. They communicated well, and did a very good job. Unfortunately several months after the installation, I began noticing small white/grayish spots, appearing all over my siding, where the finishing nails were placed in the siding from the calking used. Life was very busy, I traveled a lot and I failed to contact SuperiorPro until just last month after I retired, and began to look at the imperfections every day. SuperiorPro sent out Project Manager Ty Williamson, who I can't say enough great things about. After spending a few minutes looking at the problem, he told me the problem would be taken care of either by touching up the spots, or if that didn't work by painting the entire home. Well this weekend, they came out, pressure washed the entire house, and then did the painting. They were able to spot paint and you can't tell any difference nor spot where the problem areas were. In many cases, companies try and use every excuse in the book to weasel out of taking care of a problem, and by waiting so long to report the problem, I have them a perfect excuse to do just that. I highly recommend using this company for any of your home improvement needs.” ~ J.T Downing

“Excellent service and project management. No surprise charges with SuperiorPro. Great work, on time as requested. I refer my neighbors to them all the time.” ~ Denise B.

Customer Reviews:

"Highly recommended! Phil Benitez had excellent timely clear communication and remained our point-person; they had quick scheduling and did excellent work! Ismael's installation team was hardworking, quick and professional. Went above and beyond to make sure the fence was exactly where we wanted it, moved roots/vines, and even dug up a giant rock! Took a lot of care to not pour cement near tree roots and just overall treated it like their own property!" ~ J B

"We just had a great experience with Phil and the Bravo fence team. Phil was responsive, answered all of our questions and Jaime installed a beautiful new 6ft fence! We are so excited to enjoy our new outdoor space! Thank you Phil and the Bravo fence team! We highly recommend them!" ~ Lara S.

"Bravo Fence does good work installing there fences and they work hard to get them completed in a timely manner. My only knock is that you may have to wait well over a month, maybe two to get on the schedule to have your fence installed. Maybe it's demand because a lot of the country is at home doing additions to the house because of Covid-19." ~ Kevin M.

"I had a great experience. Landry was professional, friendly and understanding about what I wanted done to stay within my budget. He had great recommendations and advice but was not pushy at all. The installers came early in the morning which was great for me and worked very hard to install the vinyl flooring which looks great. I received 2 other quotes but After Five Floors was cheaper and also had great reviews. I will be using them again." ~ Michelle B.

"Landry was so impressive to deal with. His friendly mannerism and responsiveness, along with a competitive quote is why I chose After Five Floors. What I was quoted for the work was what I paid. I had a quick time frame in which I wanted to get the work accomplished and they met my schedule. The tile setter was very friendly and easy to work with. I would recommend this company to anyone looking to have tile and or laminate flooring done. I will definitely use this company for future flooring work." ~ Joy S.

"I couldn't recommend After 5 Floors more! Landry was honest and helpful from beginning to end. Luis helped oversee the project and made sure it was success. He checked in every step of the way and made sure I was happy with its progression." ~ Jodie F.

"We had a floating garage with open space underneath the garage and the driveway. William came to check on the cracks while lifting the house a little at a time. He took great care to make this work precise. Then Gene and Brian filled it in one day and checked everything throughout the fill. William came back to clean up and fill a remaining space which turned out great. We were very satisfied with the quality and caliber of the AquaGuard company employees. Everyone was incredibly helpful and explained what was happening every step of the way." ~ Theresa P.

Customer Reviews:

"The technician they sent to my home is AWESOME! He has visited my home twice and both times he has been so pleasant. The first time he installed a new garage door opener for my family. It is soooo quiet. During the visit, he made some recommendations to ensure the opener and door would work for many more years. He showed me how to work the controls and explained about the use of the app for door opener. On his second visit, he made some repairs to my garage door to make it function smoother and more quieter than it already was. I would definitely recommend this company to my friends and family. FYI: I found them on Trust Dale. So, shout out to Trust Dale for recommending them!" ~ A. Johnson

"First Class Service. From the super nice young lady who answered the phone to the ahead-of-schedule (it's a good thing) installers, the customer service was polite, friendly, and informative. Their technicians were like old friends coming over to help out. They gave great explanations and information. Best customer service we've had in a long time. Restores your faith, and your garage door, thanks." ~ A. Smith

Customer Reviews:

"The entire process of getting an estimate and have my garage floors completed was less than 1 week. The actual process to cover the floor of my two car garage was less than 6 hours. I was able to park my cars on my new floor within 24 hours and they look amazing. Everyone at Guardian Garage Floors was extremely nice and professional throughout my entire experience. I would highly recommend them to everyone." ~ LaShawn G.

"Great experience start to finish! Everyone at Guardian is a top notch professional. Installers showed up early, got going, explained the process, cleaned up perfectly. Any questions were quickly resolved. My garage has been transformed. Go with Guardian!" ~ Tom B.

"The paint on our garage floor was peeling and rather than repaint I wanted a permanent solution. I thought epoxy was the way to go, but Jeremy instructed on how the system Guardian Garage Floors uses is superior. Everything was great from customer service to installation. The installers were prompt, professional, and courteous. Incredibly our 3-car garage was transformed in less than a day! It's expensive but I consider it a lifelong investment for my home." ~ Michelle H.

The professionals at Gutter Perfection look forward to serving your gutter and gutter cover system needs! (Gutter Perfection does NOT offer Gutter Repairs or Cleaning)

Customer Reviews:

“In 2011 we implemented Gutter Perfection’s gutter guard system. Over the last couple of months we noticed that a small section of the system was overflowing when it is raining hard. The company has a lifetime guarantee and they full filled their promise. The team was on time and checked the system, cleaned out the gutter and it is working perfectly at no charge as promised. It is one thing to say you have a lifetime guarantee it is another thing to full fill it after 9 years of use. Great job!” ~ Steve V.

“I had gutters, downspouts and gutter umbrella’s installed seven years ago and was completely satisfied. Recently, we noticed some runoff coming over the top roof. I called since we were still under warranty. The men came out today and did an incredible job of checking all of my gutters, and servicing them. The men were very professional and left my deck and yard clean and neat. This is an outstanding company to work with.” ~ Scott W.

“I was really impressed with these guys. My father had gutters and guards installed by these guys back in 2004. Fast forward 16 YEARS and his gutters got to point where they were clogged after some really heavy weather. My father called since he had a “no clog” guarantee from when the gutters were originally installed and these guys were out at his house in a week to clean the gutters. In defense of the gutters, my fathers house might as well be in a small forest. There are a ton of trees on the property. So, my feedback is two fold, the gutters have performed really well for 16 years and these guys stand behind their product by coming back out and cleaning them as promised. Hard to beat a contractor that stands by their product. They also went an extra mile by cleaning off the roof while there at the house. Thank you for being a excellent contractor that stands behind your product and for your excellent service!” ~ Mike S.

"Extremely pleased with my new gutters!! Luke & Taylor were prompt, professional, and worked efficiently. They took the time to answer my questions and you could tell they are proud of the work they do!! If you use Aquaguard for your new gutters, ask for Luke & Taylor for instillation." ~ Brian V.

"Had a great experience from sales to installation. Thanks to Rodriques and Shawn for an expert Install and keeping a clean job site. Other than the new gutters, you could hardly tell they were here! Very professional and friendly." ~ Donna M.

“Keith is friendly and pleasant and always does a great job, both inside and out. He is always on time and I really appreciate that, too. He sends a text the day before my appointment to remind me and that is very helpful. Could not be more pleased.” ~ Diane M.

“Unparalleled customer service! I had an issue with one of two A/C units, not the one Zone Home Solutions had installed two years ago and called to get an appointment to have a tech come out to fix. After speaking to the answering service to set that appointment, no more than 15 minutes after the OWNER himself, Jason DeSantis, calls to ask questions about what was or was not happening with my system. I thought maybe he would tell me he'd send someone next business day. No, Jason said he himself would be to my home within 20 minutes, ON A SUNDAY! Jason came in less than 20 and spent approx. 40 minutes diagnosing the problem. Which ended up being a simple power switch. I did a lot of research on A/C companies before going with Zone and now I am absolutely, positively certain I made the right choice. You cannot go wrong with these good folks!” ~ Susan D.

Thank you for making our stay at home situation a much better experience. I highly recommend Intuitive for any project you may want or need done to your home. "Intuitive AV did an amazing job for my company's needs!! They made sure to find solutions for all of our needs and did everything they could to make sure everything was set up properly. I know I will be using them for everything I need in the future for my AV needs." ~ Grace M.

"The knowledge and abilities of the Intuitive AV team is outstanding. Cutting the cable changes the way you watch TV. Some good, some not so much. It is more difficult to know what is on when, and program information. I don't tend to surf as much as navigation can be a bit awkward. I currently use Sling and Hulu. At some point, I can see dropping one and picking up something else, as long as I can get many of the programs I want. But back to Intuitive AV. The equipment is very good, the installation went well, and I am pleased to have chosen Intuitive AV for this project." ~ Kim S.

Customer Reviews:

"I've used Funky's Junk Removal to haul away trash and unwanted items twice in the past two weeks during a project to clean up my elderly mother's condo. I booked once online, and once over the phone, and each time the booking process was simple and straightforward. The crew communicated clearly, calling when they were on the way and narrowing their expected arrival time even further than the scheduled two hour window. Once they arrived, the gentlemen who cleared away our items gave us a fair on-the-spot quote, and then were fast, courteous, and professional in their work. Thanks!" – Bradley S.

"Prompt, professional pickup crew. I got rid of an old lawn mower and some construction trash. James and Jemartin made short work of my junk pile. I'm definitely a Funky's Junk fan." – Justin G.

"I found Funky Junk and loved that they had the prices actually available on their website. I sent in my pictures about what I wanted moved. I set up a time to come the day of. I got a call and was told they could come earlier for my convenience. Jermartin came quickly and removed all the materials at a very fair price. I would recommend them to anyone and everyone!" – Malcolm D.

Customer Reviews:

"This is a great company with great service, great products! Their client-oriented service is hard to find. Lee, Greg, and the electrician, are all great people, and sincerely had my interest on their minds. In order to make the lights perfect for my house, they first did a preliminary installation so I could see the real effect, and then they came to my house twice after 8pm to look at the lights, make adjustments till I was totally satisfied. I am a "picky" customer and compared several landscape lighting companies before I selected Night Vision, and I just want to say, you will not go wrong with the lighting specialists at Night Vision Outdoor Lighting!" ~ Diane

"We got several prices for our complete outdoor lighting project. Night Vision was not the cheapest but they were not the most expensive either. Yet, they were the BEST. They did everything they said they could do and more. It looks amazing and they knew exactly how to make my vision come to life. The house glows and is better than I could have ever expected. They were neat, professional, efficient, friendly and I would use them for any size project. Greg and Chino are the best and the design was perfect. Great guys, great company. Call the lighting specialists at Night Vision Outdoor Lighting. You won't be disappointed."

~Jennifer L.

"We wanted something to light up our house to look really nice and also provide light for security without going overboard. We did the front and the back yard around our pool. Lee and Greg were amazing. Worked with us on pricing to keep it reasonable and it turned out exactly how we wanted! Everything is on a timer based on the sunlight and it looks awesome when it lights up. Our neighbors have all said how much they like it. I feel better about the lights on a timer when we are out of town or get home late. And we are also looking forward to having the lights out by the pool and fire pit in the back yard. It looks so nice when we are entertaining on our screened in porch! Very happy customers! Thank you Lee!" ~ Heather K.

Natural Gas

True Natural Gas
Available in Atlanta Gas
Light Service Areas
Year Established 2002
President and CEO Dan Hart

470-857-6895

Office Hours:

Monday – Friday 8:00am - 5:00pm

Company Information:

True. It's not just their name. It's who they are and what they stand for. True Natural Gas is a company built on honesty, integrity and a straightforward approach to doing business.

True Rewards: Other gas companies offer low rates to new customers – and their existing customers pay higher rates to make up for it. True Natural Gas has a better plan. Their “True Rewards” loyalty program, allows loyal customers to save on each bill. It discounts the customer service charge automatic once eligibility is met, and the longer you stay, the more you save! Stay long enough and your monthly customer service charge could be as low as \$3.45 a month versus \$5.95. **That's a \$30.00 per year savings!**

Personal Message From Dale:

I began TrustDALE.com in large part because of my frustration over the way natural gas companies were advertising. Gimmicks, specials that weren't specials and lots of confusion. I went to my computer, did the real research, and found True Natural Gas has been the month in, month out – low price leader for years. Want to quit worrying you're paying too much? Switch to True Natural Gas.

Gas is gas is gas. The price a marketer charges you is determined by the company's expenses/overhead, profit margin and the skill of the person who buys the gas on the free and ever fluctuating open market. My analysis finds True Natural Gas sells you gas for less for three simple reasons:

1. The company intentionally and consistently maintains a lower profit margin than its high profile competitors;
2. True Natural Gas is committed to transparency in its pricing with no hidden fees; and
3. True Natural Gas President Dan Hart is perhaps the most knowledgeable person in his field when it comes to buying gas on the market when it's cheap rather than when it's not. True Natural Gas is committed to passing those savings on to you. True Natural Gas is equally committed to providing exceptional price and value to Georgia's Senior Citizens.

True Natural Gas' quality is measured by its honest approach. They won't accept you as a customer if you have a consistently poor record of paying your bills. When you submit your social security number and your credit report reveals you have a respect for paying your obligations, you will be rewarded by receiving True Natural Gas' exceptionally low monthly customer service charge.

Customer Reviews:

"Cannot say enough great things about SuperiorPRO Exterior. I have had really awful experiences with other contractors and get overly anxious in dealing with contractors in general. Superior Pro was just that superior and professional. They worked so hard, had no hidden fees, cleaned up (better than it was before they arrived), and came back (with the manager) to check for quality control and touch up. The price was spot on and the individuals working on our home where professional and friendly. I have already called for another appointment to get more work done. They have totally redeemed my impression of contractors. If you need painting interior/exterior, or any small building projects these are the guys you must call" ~ Jessica M.

"SuperiorPRO Exteriors did an outstanding job. I liked the fact that the project manager took charge and I really didn't have to do anything. He explained every issue and we worked through everything together. All in all, we got an excellent job done and I am very happy. I would recommend SuperiorPRO Exteriors to anybody!" ~ Ezra D.

Year Established 2006

Guarantees and Name Brands Offered:

Sherwin Williams, Benjamin Moore, Romabio Offering 3, 5, 7 & 10 year warranties

Office Hours:

Monday-Friday: 8:00am-5:00pm Saturday: 8:00am-12:00pm

Company Information:

Atlanta Painting Company is a full service residential painter focused on delivering unprecedented customer service. At Atlanta Painting Company, they consider the price is what you pay for but, value is what you get. They pride themselves on delivering what they promise on each and every job. This starts with a free detailed estimate with one of the sales consultants. They take the information and write out each estimate to the specifics of your project. Their team of trained painters then delivers what was promised to you. Then production ensures that their high standards are being kept on every job. The end result is a wonderful quality project at fair price.

Customer Reviews:

"I was very impressed by the Atlanta Painting Company. They came out and gave me a very quick estimate on the work I wanted done. Once we agreed to the job their office stayed involved the entire time. They sent me a new client questionnaire, answered a few questions and even worked through an issue with the paint with me (Sherwin Williams sent eggshell vs. fl at). The painting crew led by Jorge was awesome! They did more than I expected with prepping the walls, ceiling and trim to get it ready for paint. I have hired numerous painting crews but I will be requesting Jorge's team for our exterior project. After the painters were done they spent 2 hours cleaning up the house, picking up everything and also hitting little areas they missed. After I inspected everything and stated "we're good" I spoke to a member at the office who finalized the billing. The whole process was quick, professional and the results were fantastic." ~ Shaun L.

"I got 4 estimates to paint all trim around the outside of my house and I based my decision on the one that got back to me in a timely matter, price, and reviews. Atlanta Painting Co was the best value of the 4. I didn't choose the lowest or the highest priced just the one that I thought was the best bang for my buck. They did a bang up job, going above and beyond to make my experience as seamless as possible. I would definitely recommend them to family and friends and will be using them again." ~ Vicky R.

*Offer valid on residential painting projects over \$1,000. Valid on estimates thru 3/31/2023. Cannot be combined with any other offer or promotion. Financing available on approved credit. Discount must be presented at the time of the estimate.

Customer Reviews:

“Last week, the full exterior of our home and the interior of our garage and screened porch were painted by a crew from Highland Park. The job was fully described in a proposal drawn up by your manager/ estimator for our project. He had previously visited our home and reviewed everything on site with me.

On the morning of our scheduled start, I met your crew foreman assigned to our job. He arrived promptly, on time and went to work immediately, pressure washing all the areas to be painted. He was very courteous and pleasant, but intense and thorough in going about his work. He missed nothing, then cleaned up and left at the end of the day. The next day he returned with a full crew to begin prepping and painting. The crew was, like your foreman, courteous and pleasant but intense and thorough in going about their work. They went at it and stayed at it on a very warm day. I would describe their performance and their work as extraordinary. You should be proud of the way these men represent your company.

I should add a final note about your manager. He was a delight to deal with in person and on the phone. He responded promptly and fully to my follow-up questions. I removed the gutters and some fencing from the project. I did not request a price adjustment. When I received an emailed final invoice, your manager had included a generous deduction for these removed items. You are indeed fortunate to have this extraordinary manager, foreman and crew members on your team. Thank you.” ~ Patrick W., Atlanta

Office Hours:

Monday – Friday 8:00am - 5:00pm

Company Information:

Breda Pest Management was started out of a garage with one employee and one customer in 1975. Several decades later, Breda has become one of the largest termite, pest and wildlife companies in the state of Georgia. Breda has never merged or acquired another company. The growth has simply come one customer at a time. Today, Breda can proudly say that they have 140+ employees and 100+ vehicles on the road every day. They realized a long time ago that if you keep doing what you've always done, you'll keep getting what you've always gotten. Their industry is infamous for weekend and evening appointments, but as a family first company, that didn't work with their vision. So, they became a Monday-Friday 8am-5pm company. They want their employees with their families during important family times. By supporting employees with strong family values, Breda finds that those same values translate into their service. Because at Breda, "Only The Sun Outshines Our Service."

Customer Reviews:

"One of the best companies I've ever done business with. They take initiative to stay on top of quarterly visits, will come out when they're in the area, will come free in between visits, and try to send the same guy out who knows your familiar with. They are always respectful polite and courteous and will take responsibility for any of their errors. Their professionalism and sense of community are a dying breed these days. Love supporting this locally owned and operated business! Great job" ~ Shyann J.

"I rate Breda a five. My appointment was for five but my guy called and informed me that he was running a little behind. He made up for it with his fun personality. He was very nice, funny, respectful and very good at his job. He took care of treatment inside and outside the house in a decent amount of time. Not only do I give Breda a 5 but also my main man Shane. Thanks again." ~ Zernetha J.

Customer Reviews:

"We had a groan coming from our pipes (we named her Moaning Myrtle and wanted her gone). Keith came out and while he was here, I asked him to look at a couple of other things. He adjusted the water pressure and told me the other things were fine. Myrtle is gone and no charge more than the dispatch fee. I am impressed. He could have told me I needed to replace my pressure regulator for \$500 and I would have done it. He could have added work on the other issues we talked about that did not need them. I would not have known. I've heard the commercials where they claim to be honest and now, I know. They will be my first call for plumbing issues from now on." ~ Mark M.

"We were very appreciative of our certified plumber's professionalism and can-do attitude. The customer rep and dispatcher were quite helpful and accommodating when we asked them to add additional work requests for the house call. The professionally certified plumber, Jason, made every effort in investigating the situation. He performed his due diligence prior to providing his assessment and next steps for resolving our plumbing issues. He was very personable while practicing safe distance measures. He gladly offered insights on the issues we asked about and was willing to walk us through all steps in solving them before performing any services. We highly recommend Superior Plumbing. They were recommended to us by my in-laws. Now I'm confirming they are one of the best service-based experiences for something that you don't ideally want to go through on a regular basis." ~ RC L.

ISA Certified Arborist

Company Information:

Richmond Tree Experts has been Atlanta's choice for tree removal, pruning, and stump removal since 1976. Their certified arborists diagnose, treat, and/or remove your problem trees for a fraction of the price you may find elsewhere. Have trees down after a storm? Richmond Tree Experts will safely remove and haul away the debris to help you protect your home and family.

Customer Reviews:

"We used Richmond Tree to remove a huge tree that fell in our backyard. Their quote came in the lowest (by far) and they did a fantastic job. The crew cleared the tree with a crane, removed all limbs and cleaned up any other debris. Honest and efficient company!" ~ Danielle M. of Atlanta

"Having a significant residential tree removal requirement and being a retired engineer, commercial pilot and independent IT consultant, I had to be absolutely convinced that the selected company could successfully and safely accomplish the task. I did extensive research and contacted eight different tree services for proposals /estimates. There were three trees in the 75' to 100'+ and three in the 50' to 75'+ brackets, all locations involving residential structures and/or power lines and on both sides of a residential street. Based on these considerations and the plans offered, I selected Richmond Tree Experts and the results were even better than expected. One additional aspect of the project was working with one Richmond crew on the removal of two of the smaller trees without crane assistance and with an entirely different Richmond crew on the removal of the remaining four trees with crane assistance. Both crews did exceptional work in protecting sensitive landscape features and concrete driveways, while emphasizing safety and professionalism throughout the three day project. Cleanup was complete and thorough. I unhesitatingly and unconditionally recommend Richmond Tree Experts and will certainly use them for any future tree removal requirements." ~ Bill V

"I had several quotes for my job and Richmond Tree was by far the most honest with their quote. They gave me a price that was comparable to other companies but with no coupons needed for a fair price. The work was done quickly and there was no mess left behind. I would definitely call them again." ~ C Miletto

Customer Reviews:

“The Top Tier crew was extremely professional and pleasant to work with from beginning to end. David quoted the scope of work thoughtfully, which included the removal of a very tall tree and raising the canopy on several cherry trees. The price was very fair for the quality and amount of work that was done. We have a very hilly side yard, and the team worked quickly on the job and removed all debris from the site - there was no trace of an enormous tree having been taken down. Would definitely recommend Top Tier!”

~ Christine F.

“Removed three trees and pruned up some high branches hanging over my house. Very fair quote and got on the job very quickly. I was at work but when I got home I could tell his crew were very professional and the work was top notch. I have a wooded lot and suspect I'll need to continue conducting business with this company to keep all my trees/limbs in check. Would highly recommend.”

Customer Reviews:

“Chris and his crew were very prompt every day and organized. They all seem to enjoy what they were doing on the job. I had 8 huge trees to be removed 6 Sweet Gums and 2 Pines. My fence had to be removed in some areas to get to the trees and after the trees were removed they put my fence back up. Cleaned up the branches and trash. No attitudes everyone knew what their job was and helped their co-workers if needed. I enjoyed every one of them and I am glad I chose Black Label Tree. If you need trees removed call Black Label Tree Services and ask for Chris. I know you will have a great experience! Thank You Chris and Trustdale.” Brenda J.

“Chris provided an estimate for trimming multiple limbs on two trees that was very reasonable. On the day he and his crew arrived to trim the trees, I asked if they could add another tree to the job. Chris didn’t hesitate and agreed since it was a simple add. My neighbor asked if they could trim one of her tree limbs while they were onsite, and Chris was happy to help. He and his crew did a great job cutting the limbs down and cleaning up afterwards. I would totally use this company again and recommend it to others.” Priyanka S.

“Chris and his crew were great to work with. I had about 14 trees removed and stumps grinded. They were always on time, easy to communicate with, and amazingly accurate with felling the trees. They had a house, chicken coup, and other trees to contend with and they were always spot on. I was also hugely impressed with how he worked with other small businesses to get the stumps grinded and stayed in touch with me until the job was complete. I can’t say enough good things about Black Label Tree and will use them again. I highly recommend them.” D.P.

Customer Reviews:

"Totally thrilled with the results! I used Superior Pro 10 years ago on another house and was very happy with the results back then. After moving to another home that needed a lot of work (facia, soffit, doors, roof, windows, complete painting, etc.) I went back to Superior Pro, and I'm so glad I did! They had to repair a lot of items including work done poorly by a previous contractor and paint the whole thing. It looks fabulous! I even have neighbors commenting on the great job done. SuperiorPRO is very well run and organized. There is great communication throughout the processes and scheduling, including a walk through and follow up with an assigned project manager (Roy was awesome). No questions went unanswered. I highly recommend this company, they're the best." ~ Steve M.

"Excellent service and project management. No surprise charges with SuperiorPro. Great work, on time as requested. I refer my neighbors to them all the time." ~ Denise B.

"Beautiful work on my home exterior! I could not be more pleased. They were reliable, professional and got the job done in a short period of time. I highly recommend them to anyone." ~ Karis M.

From diagnosis to design to installation, they provide a turnkey drainage solution designed for lifetime performance. At Advanced they use thick-walled PVC piping & other high quality materials.

The full-time technicians and staff at Advanced are some of the highest quality in the industry.

Customer Reviews:

“Great experience solving a serious drainage issue. Casey and Adelson’s team did a great job installing a well engineered solution that was clean and looked great. I am very impressed with the team’s thorough work and attention to detail. If you have a drainage problem call a drainage company and not landscapers. Advanced Drainage did a fantastic job and I would call them again if we have a new issue.” ~ Edward B.

“I would HIGHLY recommend Advanced Drainage Solutions for any of your drainage problems. I called Advanced Drainage to get a quote on a bad erosion problem we were experiencing in our back yard, and right away I knew that I would use their services. Our project manager, Zach, came out and saw our issues and quickly came up with a solution to fix it. He was very knowledgeable and did an excellent job explaining the scope of the work and all of the details involved with the process. After scheduling the drainage system project, Miguel and his crew showed up and did an amazing job. They connected 6 downspouts, an HVAC condensation line, and dug two surface drains while completing the job in just one day! I am extremely impressed on how well the project turned out and cannot thank you all enough for such an amazing job fixing our erosion issue! Thank you!!” ~ Reginald B

“Advanced Drainage was awesome! We bought our home about a year and a half ago and found that in heavy rains, we had a lake in front of the garage. In really heavy rain, we had a lake INSIDE the garage. Advanced Drainage Solutions came out, gave us a few options, explained in detail how everything would work, and knocked out the job in a day. Everyone I spoke to in the office and on the job was professional and friendly. We’ve had several downpours since the job was completed and no more lakes! I highly recommend these guys!” ~ Shawn L
