Dear Homeowner,

One thing I've learned in my nearly four decades of consumer investigating, is that you need a vetted and reliable network of local service providers. I know this because I spent the first half of my career as an investigative news reporter, and practically every night, I would go on the air and tell people how someone got burned or worse, got intentionally cheated because they simply failed to do their homework.

In 2008, I spent the year creating a seven-point investigative process that would eliminate 99.9% of the mistakes that led to bad outcomes. In this guidebook, you'll only find companies that have "findable" offices, carry liability insurance, price fairly, maintain great reputations, provide equitable contracts and most importantly, honor my *\$10,000 Make It Right Guarantee™*. You see, most companies offer warranties, but guess who's in charge if something goes wrong? They are! With my *\$10,000 Make It Right Guarantee™*, every company in this handbook (and on my website TrustDALE.com), has agreed in writing, to put me in charge of Making It Right – for you! Think about that... It takes a pretty confident company to put a true third party in charge of outcomes.

Most homeowners who use this handbook never have a problem and return to use my researched recommendations again and again. The reason is simple. We all want to be part of a community where trust is a cornerstone. A community where value driven companies sell great products for a fair profit, and value seeking consumers buy great products at fair prices.

I invite you to call on these companies with confidence, and when you get a chance, check out our investigations on TrustDALE.com. One more thing; unlike other printed and online resources, we never require your personal information. Another major reason you can TrustDALE!

Customer Reviews:

"Cody & Connor did a great job. They were on time, explained the process and made sure they answered all my questions. They cleaned up when finished and made sure we were happy with the results before they left." ~ Gary A.

"We had a floating garage with open space underneath the garage and the driveway. William and Rusty came out and did a great job preparing the area for the polyfill and raising the house with the posts they installed. William came to check on the cracks while lifting the house a little at a time. He took great care to make this work precise. Then Gene and Brian filled it in one day and checked everything throughout the fill. William came back to clean up and fill a remaining space which turned out great. We were very satisfied with the quality and caliber of the Aquaguard company employees. Everyone was incredibly helpful and explained what was happening every step of the way." ~ Teresa P.

Customer Reviews:

“MT Law recently represented me in a child custody proceeding. The experience was top notch! I have never sought counsel in the past but Charlotte Ruble and her paralegal Andrea Palmer were incredibly understanding and took the time to explain how the proceedings would work while helping to assuage my fears and emotions. Charlotte kept our conversations focused and meaningful to maximize our time. She was an absolute pro in and out of the courtroom. I am forever grateful that my daughter now safely resides with me and wish to express my gratitude towards both of them. Thank you from the bottom of our hearts! Highly Recommended!” ~ Ryan B.

“Wonderful attorneys, so glad I marched my country self to the big Atlanta attorneys. They worked with me every step of the way. They explained everything, emailed everything, etc. Divorce is just so much WORK. They made me feel like we were working a business deal between me & my ex. Professional, courteous, southern hospitality type place.” ~ Martha T.

“Represented me in post divorce litigation. I needed them more than once, but got more than I ever expected, even though it seemed to take forever. Wish I hadn't needed them, but Deborah Koslin was wonderful, and paralegal Samaria Smith helped keep me sane. She cost half as much as her opponent, but left them in the dust.” ~ Kerry D.

Customer Reviews:

"Superior Plumbing provides excellent service. When I called, the receptionist listened thoroughly to my issue. I was contacted in the morning of the service to let me know they could send someone out before the original appointment time. The plumber represented Superior Plumbing well. He knew exactly how to address my problem. He followed CDC safety guidelines, was very courteous, demonstrated a very good understanding of how to correct the problem, knowledgeable about the type of tools to use to unclog the drainage issue. I highly recommend Superior Plumbing Services." ~ L. Yvonne W.

"Had an insurance claims adjuster assess that the leak from my main floor kitchen ceiling was most likely coming from a leak in the upstairs water supply lines running under the floorboard. I engaged Superior Plumbing after watching a raving review by local consumer advocate Trust Dale. After chatting online with the Superior Plumbing, setting up dispatch, I was advised of certified plumber's eta of 45mins. Here I thought 1-2 days at minimum. The cool thing after hanging up with the tech I immediately received a text with a link to the bio, photo and current customer service rating of the plumber who would be servicing my work order. Plumber promptly arrived 45mins later. He introduced himself, quickly assessed the problem, and explained next steps including pipe leak detection costs and isolated my problem to a slow, almost undetectable leak coming from upstairs toilet down the drainpipe and eventually the ceiling below. He repaired toilet drainpipe, cleaned upstairs and downstairs in a jiffy's time. He even advised of an excessive water pressure condition at my water main in the basement! The plumber was a consummate professional throughout! Great Job Superior! You lived up to the Trust Dale high billing!!" ~ Jeffrey R.

They are a family owned business, with the owners involved in day to day operations ensuring that quality standards are met and exceeded.

Customer Reviews:

“This is one other the best purchases we have ever made. We are so happy with the doors that we purchased hubby won’t buy storm doors to cover them up. Professional from the start, installers cleaned every thing leaving the house a bit cleaner than when they got here. Would definitely use them in the future if I buy another home.” ~ Suzi P.

“We had Davis Window and Door replace both of the front doors on our 1953 ranch house: one that is a standard size and one that’s only 32”. We have been happy with everyone: the salesman, Jim, the gentleman who came out to measure before the orders were placed, the folks in the office, and the installers, David and Matthew. The house really made it difficult for them on the install, because it’s old and almost nothing about it is standard, but they got them both in beautifully and even were able to raise the small door high enough to clear the new carpet that had just been installed. They also did a great clean up job and you really couldn’t tell they’d been here except for the beautiful new doors.” ~ Loraine D.

“High work ethic standards and a great company to work with. Reliable and excellent quality in their final product and installation. Highly recommended!” ~ Rosanna S.

Their Exterior Renovation Specialists provide free and thorough estimates while their Project Managers oversee projects from beginning to end making sure everything is done to customers' satisfaction with a final walk-through upon completion. SuperiorPRO has you covered for all your entry door needs.

Customer Reviews:

“So in the summer of 2018 I had Superior Pro install James Hardy ColorPlus siding, new gutters, and several new doors. They communicated well, and did a very good job. Unfortunately several months after the installation, I began noticing small white/grayish spots, appearing all over my siding, where the finishing nails were placed in the siding from the caulking used. Life was very busy, I traveled a lot and I failed to contact SuperiorPro until just last month after I retired, and began to look at the imperfections every day. SuperiorPro sent out Project Manager Ty Williamson, who I can't say enough great things about. After spending a few minutes looking at the problem, he told me the problem would be taken care of either by touching up the spots, or if that didn't work by painting the entire home. Well this weekend, they came out, pressure washed the entire house, and then did the painting. They were able to spot paint and you can't tell any difference nor spot where the problem areas were. In many cases, companies try and use every excuse in the book to weasel out of taking care of a problem, and by waiting so long to report the problem, I have them a perfect excuse to do just that. I highly recommend using this company for any of your home improvement needs.” ~ J.T Downing

“Excellent service and project management. No surprise charges with SuperiorPro. Great work, on time as requested. I refer my neighbors to them all the time.” ~ Denise B.

“I had a great experience. Landry was professional, friendly and understanding about what I wanted done to stay within my budget. He had great recommendations and advice but was not pushy at all. The installers came early in the morning which was great for me and worked very hard to install the vinyl flooring which looks great. I received 2 other quotes but After Five Floors was cheaper and also had great reviews. I will be using them again.” ~ Michelle B.

“Landry was so impressive to deal with. His friendly mannerism and responsiveness, along with a competitive quote is why I chose After Five Floors. What I was quoted for the work was what I paid. I had a quick time frame in which I wanted to get the work accomplished and they met my schedule. The tile setter was very friendly and easy to work with. “We had a floating garage with open space underneath the garage and the driveway. William and Rusty came out and did a great job preparing the area for the poly fill and raising the house with the posts they installed. William came to check on the cracks while lifting the house a little at a time. He took great care to make this work precise. Then Gene and Brian filled it in one day and checked everything throughout the fill. William came back to clean up and fill a remaining space which turned out great. We were very satisfied with the quality and caliber of the AquaGuard company employees. Everyone was incredibly helpful and explained what was happening every step of the way.” ~ Theresa P.

Customer Reviews:

“Everdry came to my home and did a FREE evaluation twice. They were thorough, complete, professional and answered all my questions - usually twice. When the workmen came out to do the job, the Foreman, Cody, was the BEST! Very polite, professional, personable and knowledgeable. He listened carefully and answered my questions - sometimes twice; the crew was VERY careful about covering the rather large model railroad layout in the basement as well as other tools and equipment; they were VERY careful about keeping the dust out of the rest of the house and made sure I could see the process as they were working - very patient when I went downstairs to watch what was going on. The entire crew was polite, friendly and professional and knowledgeable. They also swept up the site daily and cleaned up when they left. Cody explained everything and showed me the job site when they were done just to be certain I was satisfied with their work and to answer more any more questions I had. Everdry’s warranty was one of the factors in my decision to hire them. I recommend them highly.”
~ Suzanne S.

“The Forman and his Crew were professional, polite and respectful. The Crew showed up on time each day. The job was completed on time without any problems. We would highly recommend Everdry.” ~ Barry J.

“I have been using Anytime for several years now. They replaced my ac units and furnace. They did an amazing job truly a first class job. They also service my ac units and furnace twice A year I purchased a maintenance plan (worth every penny). They have not disappointed me yet. Today I had a kitchen faucet that I purchased through them it was a special they were offering installation included. Steve arrived and installed everything. He was very professional and everything went smoothly. He cleaned and made sure everything was working perfectly before he left. Thanks again Anytime great job.” ~ Ahmadou H

We chose Anytime because John Melton (sales and operations manager) was friendly, knowledgeable, and the only person that gave us multiple options to choose from. Customer Reviews:

"I've used Funky's Junk Removal to haul away trash and unwanted items twice in the past two weeks during a project to clean up my elderly mother's condo. I booked once online, and once over the phone, and each time the booking process was simple and straightforward. The crew communicated clearly, calling when they were on the way and narrowing their expected arrival time even further than the scheduled two hour window. Once they arrived, the gentlemen who cleared away our items gave us a fair on-the-spot quote, and then were fast, courteous, and professional in their work. Thanks!" ~ Bradley S.

"Prompt, professional pickup crew. I got rid of an old lawn mower and some construction trash. James and Jemartin made short work of my junk pile. I'm definitely a Funky's Junk fan." ~ Justin G.

"I found Funky Junk and loved that they had the prices actually available on their website. I sent in my pictures about what I wanted moved. I set up a time to come the day of. I got a call and was told they could come earlier for my convenience. Jemartin came quickly and removed all the materials at a very fair price. I would recommend them to anyone and everyone!" ~ Malcolm D.

Customer Reviews:

“I hired LJIA Masonry to repair a stone walkway (which has a concrete base). A portion of the walkway had cracked and sank due to settling. Israel and his crew did a great job! They were able to salvage most all of the stone then build up the sunken area and replace the concrete and stabilize with rebar and then re-lay the stone. He replaced mortar along the entire walkway. I am very happy with the end result. I would definitely hire LJIA Masonry again!” Ann B.

“Did such a great job for a smaller repair that I am using them again to remodel and repair my front staircase.” ~ Eric B.

“I engaged LJIA Masonry to repair a bluestone walkway which had settled severely. The crew did an excellent job, start to finish. Removed damaged concrete base, salvaged the existing stone, installed rebar and installed a flush mount drain that works flawlessly. Problem solved... promptly and professionally... not to mention their pricing was the best!” ~ Mark S.

“5 stars for the LJIA team. From start to finish they were very responsive, professional, and did exactly what they said they were going to do with no pressure of “up-selling”. Israel, and Ericka were fantastic to communicate with and I can’t recommend them highly enough. The quality of work was outstanding and we couldn’t be happier with the entire experience. Well done!” ~ Dan B.

"They came immediately after we had vandals break in and turn on our water! They were quick, efficient, kind and so tidy! We cannot say enough good things about this company! Highly recommend to anyone! Thanks guys!" ~ Kathy H.

"Fantastic! That is how I would describe my experience with the One Stop Restoration team. Even though having my bathroom and downstairs ceiling flooded is a very stressful situation these guys came through and exceeded my expectations. First of all, they were the only ones who responded to a late night call. The other so called pros open 24/7 did not even pick up the phone. The Manager Omer was at my house within 30 minutes, assessed the damage and setup dehumidifiers. He got his team over first thing in the morning and they spent the entire day with the remediation process. They also do restoration and work with insurance to make this a pleasant experience. As others have stated, their calm and reassurance in this crisis is what is amazing. No one should have to go through dealing with water or fire damage but if you do, please call One Stop right away. You will be glad that you did!" ~ Ashar N.

SouthEast Van Lines only hires experienced and trusted applicants. Their standard trucks are all sizes and offer custom packing services for your valuables. SouthEast Van Lines is a fully licensed and insured moving company.

Customer Reviews:

“We’ve had bad experiences with movers in the past, so we wanted to do it right this time. I checked reviews on multiple places and chose a few moving companies to get a quote from. Ben from SE Van Lines was the most professional of the estimators we interacted with - he wore mask, gloves, boots to respect COVID-19 guidelines and asked good questions. We narrowed it down to SE Van Lines and one other company. In the end, we chose SE Van Lines and are so glad we did. We had them pack and move us, and they remained completely professional throughout. We misunderstood a few things, such as second pack day means pack and move, certified check needed for balance due, etc., but they worked with us at every step without changing the price. They also provided as much packing material we needed and threw in a third truck. Unlike our last move experience, all of our furniture and piano arrived unscathed, and every box of fragile items was well packed. Lastly, when the move was done, we discovered that several indoor boxes had been put in the garage. They came back and moved them all inside. Also the new house is all hardwood floors, and they laid moving runner rugs throughout to avoid scratching the floors. Sometimes it’s the small details that really set a company apart. I would not hesitate to recommend them - 5+ stars!” ~ Julie

“Ben and his team made our out of state move so smooth. Professional, efficient and fair priced. Eli and his team showed up and wrapped our furniture with care and packed it right. Delivery 400 miles away came in 2 days and Eli and team did another fast and effective unload. So glad we chose Ben and his team!” ~ Rod J.

Natural Gas

True Natural Gas
Available in Atlanta Gas
Light Service Areas
Year Established 2002
President and CEO Dan Hart

770-927-8695

Office Hours:

Monday – Friday 8:00am - 5:00pm

Company Information:

True. It's not just their name. It's who they are and what they stand for. True Natural Gas is a company built on honesty, integrity and a straightforward approach to doing business.

True Rewards: Other gas companies offer low rates to new customers – and their existing customers pay higher rates to make up for it. True Natural Gas has a better plan. Their “True Rewards” loyalty program, allows loyal customers to save on each bill. It discounts the customer service charge automatic once eligibility is met, and the longer you stay, the more you save! Stay long enough and your monthly customer service charge could be as low as \$3.45 a month versus \$5.95. **That's a \$30.00 per year savings!**

Personal Message From Dale:

I began TrustDALE.com in large part because of my frustration over the way natural gas companies were advertising. Gimmicks, specials that weren't specials and lots of confusion. I went to my computer, did the real research, and found True Natural Gas has been the month in, month out – low price leader for years. Want to quit worrying you're paying too much? Switch to True Natural Gas.

Gas is gas is gas. The price a marketer charges you is determined by the company's expenses/overhead, profit margin and the skill of the person who buys the gas on the free and ever fluctuating open market. My analysis finds True Natural Gas sells you gas for less for three simple reasons:

1. The company intentionally and consistently maintains a lower profit margin than its high profile competitors;
2. True Natural Gas is committed to transparency in its pricing with no hidden fees; and
3. True Natural Gas President Dan Hart is perhaps the most knowledgeable person in his field when it comes to buying gas on the market when it's cheap rather than when it's not. True Natural Gas is committed to passing those savings on to you. True Natural Gas is equally committed to providing exceptional price and value to Georgia's Senior Citizens.

True Natural Gas' quality is measured by its honest approach. They won't accept you as a customer if you have a consistently poor record of paying your bills. When you submit your social security number and your credit report reveals you have a respect for paying your obligations, you will be rewarded by receiving True Natural Gas' exceptionally low monthly customer service charge.

“Cannot say enough great things about SuperiorPRO Exterior. I have had really awful experiences with other contractors and get overly anxious in dealing with contractors in general. Superior Pro was just that superior and professional. They worked so hard, had no hidden fees, cleaned up (better than it was before they arrived), and came back (with the manager) to check for quality control and touch up. The price was spot on and the individuals working on our home where professional and friendly. I have already called for another appointment to get more work done. They have totally redeemed my impression of contractors. If you need painting interior/exterior, or any small building projects these are the guys you must call” ~ Jessica M.

“SuperiorPRO Exteriors did an outstanding job. I liked the fact that the project manager took charge and I really didn't have to do anything. He explained every issue and we worked through everything together. All in all, we got an excellent job done and I am very happy. I would recommend SuperiorPRO Exteriors to anybody!” ~ Ezra D.

Atlanta Painting Company is a full service residential painter focused on delivering unprecedented customer service. Their team of trained painters then delivers what was promised to you. Then production ensures that their high standards are being kept on every job. The end result is a wonderful quality project at fair price.

Customer Reviews:

“I was very impressed by the Atlanta Painting Company. They came out and gave me a very quick estimate on the work I wanted done. Once we agreed to the job their office stayed involved the entire time. They sent me a new client questionnaire, answered a few questions and even worked through an issue with the paint with me (Sherwin Williams sent eggshell vs. fl at). The painting crew led by Jorge was awesome! They did more than I expected with prepping the walls, ceiling and trim to get it ready for paint. I have hired numerous painting crews but I will be requesting Jorge’s team for our exterior project. After the painters were done they spent 2 hours cleaning up the house, picking up everything and also hitting little areas they missed. After I inspected everything and stated “we’re good” I spoke to a member at the office who finalized the billing. The whole process was quick, professional and the results were fantastic.” ~ Shaun L.

“I got 4 estimates to paint all trim around the outside of my house and I based my decision on the one that got back to me in a timely matter, price, and reviews. Atlanta Painting Co was the best value of the 4. I didn’t choose the lowest or the highest priced just the one that I thought was the best bang for my buck. They did a bang up job, going above and beyond to make my experience as seamless as possible. I would definitely recommend them to family and friends and will be using them again.” ~ Vicky R.

*Offer valid on residential painting projects over \$1,000. Valid on estimates thru 3/31/2023. Cannot be combined with any other offer or promotion. Financing available on approved credit. Discount must be presented at the time of the estimate.

Company Information:

BREDA Pest Management was started out of a garage with one employee and one customer in 1975. Several decades later, BREDA has become one of the largest termite, pest and wildlife companies in the state of Georgia. BREDA has never merged or acquired another company. The growth has simply come one customer at a time. Today, BREDA can proudly say that they have 150+ employees and 130+ vehicles on the road every day. They realized a long time ago that if you keep doing what you've always done, you'll keep getting what you've always gotten. Their industry is infamous for weekend and evening appointments, but as a family first company, that didn't work with their vision. So, they became a Monday-Friday 8am-5pm company. They want their employees with their families during important family times. By supporting employees with strong family values, Breda finds that those same values translate into their service. Because at BREDA, "Only The Sun Outshines Our Service."

Customer Reviews:

"One of the best companies I've ever done business with. They take initiative to stay on top of quarterly visits, will come out when they're in the area, will come free in between visits, and try to send the same guy out who knows your familiar with. They are always respectful polite and courteous and will take responsibility for any of their errors. Their professionalism and sense of community are a dying breed these days. Love supporting this locally owned and operated business! Great job" ~ Shyann J.

"I rate Breda a five. My appointment was for five but my guy called and informed me that he was running a little behind. He made up for it with his fun personality. He was very nice, funny, respectful and very good at his job. He took care of treatment inside and outside the house in a decent amount of time. Not only do I give Breda a 5 but also my main man Shane. Thanks again." ~ Zernetha J.

Customer Reviews:

"We had a groan coming from our pipes (we named her Moaning Myrtle and wanted her gone). Keith came out and while he was here, I asked him to look at a couple of other things. He adjusted the water pressure and told me the other things were fine. Myrtle is gone and no charge more than the dispatch fee. I am impressed. He could have told me I needed to replace my pressure regulator for \$500 and I would have done it. He could have added work on the other issues we talked about that did not need them. I would not have known. I've heard the commercials where they claim to be honest and now, I know. They will be my first call for plumbing issues from now on." ~ Mark M.

"We were very appreciative of our certified plumber's professionalism and can-do attitude. The customer rep and dispatcher were quite helpful and accommodating when we asked them to add additional work requests for the house call. The professionally certified plumber, Jason, made every effort in investigating the situation. He performed his due diligence prior to providing his assessment and next steps for resolving our plumbing issues. He was very personable while practicing safe distance measures. He gladly offered insights on the issues we asked about and was willing to walk us through all steps in solving them before performing any services. We highly recommend Superior Plumbing. They were recommended to us by my in-laws. Now I'm confirming they are one of the best service-based experiences for something that you don't ideally want to go through on a regular basis." ~ RC L.

“Excellent experience with Mr. Rooter and especially Ricky today! There was a leak hidden between floors at my loft office. Mr. Rooter had perfect communication throughout the entire process, letting me know when Ricky would arrive and a photo, so I knew exactly who to expect. He arrived on-time and immediately got to work explaining every step along the way. He listened and assessed the issue making sure to cause as little damage as possible while searching for the leak. Once found, he gave a fair and accurate estimate of the work that needed to be done and completed everything the same day. I will use them every time.” ~ James M.

“I am very satisfied with my Mr. Rooter of Atlanta service. I experienced a clogged main sewer line that unfortunately backed up sewage into my home. Jay Akers and his assistant, Tony, arrived in less than 24 hours, on a Sunday morning. They explained everything they were going to do, did it, and discussed what they found. Before they left, they left my bathroom clean, swept the main hallway and eased my fears. They fixed the problem with a large machine, tools and a lot of expertise and hard work. I am a tough person to please, and I have nothing but praise for Jay Akers and his team members. They were professional, polite, knowledgeable, and very easy to work with. Jay really appeared to enjoy his job and had a good sense of humor. He helped me get through a tough situation and made the experience surprisingly positive. Thank you, Jay!” ~ Heidi S.

"Very professional and we are highly pleased with their service. We would definitely recommend them to all home owners." ~ Anthony S.

"My initial expectation with 3Kings Cleaning - Pressure Washing Company was far exceeded. From the Initial phone call, where I spoke with Ms. Zina, who was so kind and personable, set the tone for the service I actually received. Ms. Zina explained the services 3 Kings offered and let me know exactly what to expect. I received the estimate for contracted work, and approved the contract. On the day of service, Mr. Terry and one of his associates arrived they too were kind and personable. As we took a tour around the perimeter of my home, Mr. Terry thoroughly explained the services he was going to provide, right down to the type of solution he was going to use and the potential minor damage that could be caused when pressure washing. He thoughtfully covered my security cameras as to avoid any water damage, and also went over some areas three times to ensure that the algae and streaking was properly removed. In some cases, as he pointed out areas, I said it was fine, however he stated that he couldn't leave knowing that's streaks could be seen, and he then removed them. I am a thoroughly satisfied customer, so much in fact, that I have scheduled my next cleaning 2 years from now. I highly recommend this company to anyone looking for for cleaning and or pressure washing services." ~ Veronica M.

"We experienced a water leak in the laundry due to failed pressure reducing valve, expansion tank, and hot water valve that caused damage to the tile floors in the laundry room and neighboring half-bath plus water damage in the basement. The mitigation team was quite responsive, immediately removing the water damaged tile, sheetrock, wood trim, etc. and dried out the affected areas over the weekend. Celso did a great job restoring to new the damaged areas, working closely with me to make sure that the stains and paints matched the surrounding ceiling, walls, posts, and trim. His tile work was well done. You would be hard pressed to see any difference between the old areas and the recently restored areas. “The sales associate was ice and not pushy about the windows. Our installers were very professional. They respected our “no shows allowed” policy in our home with no problem. They explained how to operate the windows and cleaned the windows on the outside. Our total experience was great! I would recommend your company to my friends and family.” ~ Phil W.

All TrustDALE Certified Companies must pass our 7 Point Review Process.

The TrustDale Investigative Process is completed through a personal interview with the business owner or representative, a completed application, public records search, and secret shopping. Many companies apply to become a TrustDALE Certified company but not everyone makes the grade. Only the best companies receive the coveted certification. It all starts with the 7-Point Review Process.

1. Price: The Company must honor the price it advertises, and not use unavailable products to lure and trap customers into more expensive products. Review can be accomplished by a combination of e-mail, phone, and secret shoppers.
2. Verified: The performance of each company is continually and systematically reviewed for delivery of excellent customer service.
3. What Would Dale Do?: Dale Cardwell developed a proven standard of consumer fairness through thousands of real-world problem-solving experiences. Inclusion means Dale would choose to personally do business with this Company.
4. Consumer Experience: The TrustDALE team reviews well-known as well as more specialized databases to determine patterns of customer satisfaction.
5. Licensing, Professional Certification, Insurance and/or Bonding: Each Company is reviewed for proper professional credentialing.
6. Lawsuit Search and Review: A review of the Company's litigation history is requested and reviewed to assure no patterns of unprofessional or illegal business practices.
7. "\$10,000 Make it Right Guarantee"[™]: The Company agrees to accept and abide by TrustDALE's \$10,000 Make it Right Guarantee[™].
